SaveSA campaign response to Makhosi Khoza

The Save South Africa campaign welcomes former ANC MP Makhosi Khoza's stated intention to use her energies to fight corruption in South Africa.

Her departure from the ANC is a concerning indication of the governing party's lack of appetite to deal with corruption and state capture, and we trust that her comments prompt reflection and introspection.

We would like to put on record that Ms Khoza has not indicated a specific desire to work with SaveSA, and we have not approached her, but we believe she would add tremendous value to the broad coalition of civil society organisations that is tackling corruption head-on and is campaigning against the evils of state capture.
